DIALOGUE

START MEASURING 00.00.00 AT FIRST FRAME PICTURE

00.14.14 TEAL'C-Colonel O'Neill...

00.17.25 O'NEILL-What've we got here, T'ealc?

00.20.13 TEAL'C (OS)-I do not know.

00.23.08 CARTER-Wow.

00.25.01 DANIEL (OS)-It may indicate a civilization of some kind.

00.28.23 O'NEILL-Well, let's spread out and take a look.

00.32.00 CARTER-I think there's a way down over here.

00.41.12 CARTER-Crystals. Granite, not volcanic. I don't see any  
that aren't broken.

00.49.07 DANIEL-Well, these pieces might fit together. Here's a  
whole one.

00.58.00 CARTER-Looks like they've been blasted apart by  
something.

01.02.09 DANIEL (OS)-It's damaged.

01.05.00 CARTER (OS)-I don't see any other whole...

01.05.26 CARTER (CONT)-ones, do you?

01.13.00 O'NEILL (OS)-Hey, Teal'c!

02.40.11 DANIEL-Where's the Colonel?

02.44.15 DANIEL (VO ON RADIO FILTERED)-Jack, we finished our recon  
(unintelligible) and we're ready to head back  
through the gate. Is this... Am I using this right?

02.56.00 CARTER-Ready to head out, sir!

03.05.26 DANIEL (OS)-Colonel?

03.25.03 TECHNICIAN (VO FILTERED)-Radiation level check... All  
clear...

03.29.00 GENERAL HAMMOND (ON RADIO FILTERED)-Welcome back, SG-1.  
Debriefing will commence at oh-nine-hundred.

03.41.21 TECHNICIAN (VO FILTERED)-Stargate bay doors open...

- 04.50.15 CARTER-The samples we brought back are being analyzed.  
And we explored a ten kilometer radius around the gate without finding any sign of recent Goa'uld mining activity. In fact, there's no...
- 04.58.22 CARTER (OS CONT)-indication the Goa'ulds or anyone else have been through that gate in a thousand years.
- 05.03.12 GENERAL HAMMOND-Tell me about these crystals.
- 05.05.02 DANIEL-Um, we found thousands in a pit near the stargate.
- 05.07.23 DANIEL (OS CONT)-Since we didn't find them anywhere else on the planet, it's likely that they were gathered and put there.
- 05.12.00 GENERAL HAMMOND (OS)-Why?
- 05.13.04 DANIEL (OS)-Early Greek cultures valued crystal and gemstones. Perhaps the pit has some religious or ceremonial significance.
- 05.20.14 GENERAL HAMMOND (OS)-Your report doesn't mention any local population.
- 05.23.04 DANIEL (OS)-There's no evidence of a developed culture. No roads, villages, settlements... nothing.

05.26.18 CARTER (OS)-I'm with Daniel. We didn't find any unbroken crystals, but we have this one, and pieces of a few...

05.31.26 CARTER (CONT)-larger ones back in de-con right now.

05.34.10 GENERAL HAMMOND-Flag this one, Colonel.

05.35.28 GENERAL HAMMOND (OS CONT)-SG-1 is on...

05.36.25 GENERAL HAMMOND (CONT)-stand down until your next mission comes up. Dismissed.

06.47.10 CHARLIE (distorted)-Yeah!

06.55.09 CARTER (OS)-Hey, Colonel. (beat) Listen... No offense, Colonel,...

07.05.09 CARTER (CONT)-but this becomes the women's locker room in... uh, now. You know, I hate those sandy planets. You don't have to hurry on my account. Nice. You have a family.

07.25.21 "O'NEILL"-Yes.

07.27.10 CARTER-I'm an auntie myself. My brother moved to San Diego, so I don't get to see him much. He has two kids now -- a boy and a girl. I miss 'em like hell. Don't get there near enough. I can see you feel the same way.

07.43.05 "O'NEILL"-Goodbye, Sam.

07.45.07 CARTER-Bye...?

07.49.00 DANIEL-Jack seems very... focused.

07.50.18 CARTER (OS)-Yeah.

07.53.09 CARTER (CONT)-He was looking at pictures of his family.  
He must be in a hurry to get home. I didn't even  
know he was married.

07.59.05 DANIEL-Oh, he isn't.

08.01.28 DANIEL (OS CONT)-Um, he was,...

08.03.03 DANIEL (CONT)-but they separated after his son died.

08.10.00 CARTER-Oh...

08.21.27 TEAL'C (OS)-Colonel O'Neill?

08.23.23 TEAL'C (CONT)-You are departing?

08.25.09 "O'NEILL"-Yes.

08.26.08 TEAL'C-You said one day you would show me your world. I  
would like to see it now.

08.30.12 "O'NEILL"-Another time.

08.40.04 CARTER (OS)-I've known the man...

08.40.20 CARTER (CONT)-for months, and he doesn't say word one about a life outside this place, and I'm thinkin' he just doesn't have one. What else don't I know about him?

08.47.22 DANIEL-Well, he doesn't really tell you much until he gets to know you.

08.51.00 CARTER-Yeah, that's an understatement.

08.58.13 LAB ASSISTANT-Passed all the decontamination protocols. I noticed it's got a low level EM field you should check out. Either that, or my fridge magnets fell off the wall by themselves.

09.08.02 DANIEL-I'm sorry, EM...?

09.09.10 CARTER-Electro-magnetic energy. (To assistant) Thanks. (To Daniel) So, um... Tell me more about the Colonel. What happened to his son?

09.23.00 DANIEL-Charlie accidentally killed himself with Jack's personal gun.

09.27.22 CARTER-Oh, God! That's horrible.

09.30.00 DANIEL-Jack never forgave himself. He holed up and turned his back on the world for, uh... a long time.

09.35.22 CARTER-Yeah, I can imagine. I don't know what I'd do. What about his wife?

09.42.00 DANIEL-Sara? I don't think they've seen each other since he joined SG-1. He hasn't said anything about a visit. But like I said --

09.47.16 CARTER-He doesn't tell you much.

09.48.17 DANIEL-Right.

09.48.26 CARTER-Right. Look at this.

09.51.26 CARTER (OS CONT)-You see the edge of this crystal here, how it's glassy like it's been melted?

09.55.08 DANIEL-Can you tell what did it? For me, it might shed a little light on what the significance of the pit was, and who put them there.

10.02.18 CARTER-It would take extreme temperatures to melt quartz crystal.

10.05.07 DANIEL-Lightning?

10.06.18 CARTER-Maybe, but it's too precise. Too clean. I think  
I've seen a cut like this before. Here, in this  
facility.

10.22.20 SARA (OS)-Dad, I left some iced tea in there for you.

10.28.24 "O'NEILL"-Hello, Sara. Hello, Sara.

10.38.22 SARA-It may be time to face facts, Dad. This old thing  
has seen better days.

10.43.13 MIKE-A girl shouldn't be so quick to give up on the aged.  
Makes a father worry.

10.47.02 SARA-Come on, Dad, I'm serious. If I keep --

10.51.10 "O'NEILL"-Hello, Sara.

10.54.05 SARA-Been there long?

10.55.06 "O'NEILL"-Yes.

10.57.07 SARA (OS)-You coulda said something.

10.59.09 "O'NEILL"-I did.

11.02.01 SARA-Right, you did.

11.14.01 "O'NEILL"-Is something wrong?

11.15.26 SARA-I think it's the ignition. But you didn't come  
about the car.

11.22.01 "O'NEILL"-No.

11.24.07 SARA-So, what -- you decided you'd just show up, waltz...

11.28.01 SARA (OS CONT)-back into my life... Is that it?

11.32.03 "O'NEILL"-Yes. (beat) I need to find Charlie.

11.38.28 "O'NEILL" (OS CONT)-Is he here?

11.40.22 SARA-Charlie...?

11.44.16 "O'NEILL"-I need Charlie. That's his bicycle, isn't it?

11.49.12 SARA-I kept some of his things.

11.51.11 "O'NEILL"-Yes. I know.

11.53.13 SARA-Jack, what are you doing? You're scaring me.

11.56.20 "O'NEILL"-It's important, Sara. Charlie...!

12.00.11 SARA-Don't! Let go of me! What the hell is wrong with you? Is this your idea of a joke? Just get...

12.04.27 SARA (OS CONT)-away from me!

12.06.03 "O'NEILL"-Sara... (beat) You don't understand...

12.21.16 MIKE (OS)-Son, if upsetting her is...

12.21.28 MIKE (CONT)-your way of trying to win a woman's heart, it's a stupid one. Anyone ever tell you that?

12.28.07 "O'NEILL"-I think you just did.

12.33.01 MIKE-Come on in.

13.02.08 PERKY NEWSCASTER (VO ON TV FILTERED)-After last night's rally turned ugly, and protestors clashed with police, police have announced that a dusk to dawn curfew is now in effect. No word yet on any casualties.

13.12.01 SERIOUS NEWSCASTER (VO ON TV FILTERED)-And in financial news, the Bull was annihilated today when Bears leaving a sea of red behind them --

- 14.16.09 MIKE-Yeah. Sometimes I can still hear him laughin' at one of my bad jokes.
- 14.21.18 MIKE (OS CONT)-Sara kept all his things... like that bike outside. I guess that's her way of keepin' him around a while.
- 14.30.21 "O'NEILL"-I thought I would find Charlie here.
- 14.33.24 MIKE-Look around. You still might.
- 14.35.24 "O'NEILL"-He's gone. What do we do?
- 14.43.04 MIKE-Sara comes up here and talks to him sometimes, and it helps her. If it helps you, I'm, I'm glad you're here. (beat) You know, Jack, for an Irishman, you never were much of a talker, but that never mattered. I'll give you that much. You, you married my daughter. (beat) Say what you need to...
- 15.23.02 MIKE (OS CONT)-Charlie, if that's all you've come here for,...
- 15.25.02 MIKE (CONT)-but Sara is not over you yet, so you break her heart again, and God help you, I'll make you wish you never did.
- 15.53.01 CHARLIE-All right!

16.28.19 "O'NEILL"-How was your day?

16.30.01 SARA-Fine. Oh. Look what came home from school today.

16.38.00 "O'NEILL"-Is Charlie about ready?

16.39.21 SARA-Yeah. He was running around here a few minutes ago.

16.49.22 SARA (distorted)-CHARLIE!!

17.21.14 CARTER-There's a good one.

17.27.28 TECHNICIAN (VO FILTERED)-What's going on in there?

17.29.21 TEAL'C-You received permission for me to fire my staff  
weapon in the gate room?

17.33.22 CARTER-Oh, yeah.

17.34.13 DANIEL-Absolutely.

- 17.38.08 CARTER-Now, I noticed that the glassy edge where the crystal was melted looked a lot like the walls of the gate room after Apophis and his Serpent Guards came and shot up the place. Now, take a look at this. We did a complete study trying to figure out what they used. I kept a few pieces, and that gave me the idea.
- 17.53.07 DANIEL (OS)-Since your energy...
- 17.53.26 DANIEL (CONT)-weapon is the same as the ones Apophis used, we can compare the blast marks on the two crystals.
- 17.58.19 CARTER-Now, I'm telling the computer to build a simulation...
- 18.00.17 CARTER (OS CONT)-model. We should see if the energy signatures are the same or not.
- 18.18.01 CARTER-Well, it matches up.
- 18.19.26 TEAL'C-It was Goa'Uld technology that destroyed the crystals.
- 18.22.12 CARTER-Yeah, I'd say a whole mess of the staff weapons did it.
- 18.35.00 SARA (OS)-We haven't talked about...

18.35.19 SARA (CONT)-Charlie since he died. Why now? What were you doing up there?

18.41.06 "O'NEILL"-Do you remember how much fun Charlie used to have playing that... game?

18.46.09 SARA-Baseball?

18.47.14 "O'NEILL"-Baseball. He loved that game.

18.52.22 SARA-He loved playing. With you.

18.58.12 SARA (OS CONT)-Jack...?

19.04.01 "O'NEILL"-I have to get back to the stargate.

19.06.03 SARA-Back to what?

19.07.10 "O'NEILL"-Stargate. (beat) It's a.... big...

19.17.15 "O'NEILL" (OS CONT)-round metal object.

19.20.09 "O'NEILL" (CONT)-A ring of energy...

19.23.15 SARA-You always could spin a line of bull to avoid talking to me.

19.37.13 "O'NEILL"-What's wrong?

19.41.15 SARA-I've been crying. That's what's wrong. What's with you? (beat) Upstairs. I've never seen you like that before.

19.50.03 SARA (OS CONT)-For a second, I thought you were gonna cry.

19.53.22 SARA (CONT)-Where's all that O'Neill military bravado?

19.58.11 "O'NEILL"-I don't think I have it.

20.09.04 SARA-What...?

20.10.07 "O'NEILL"-Smoke...?

20.11.15 SARA-Oh my God! Mike left a casserole in for me!

20.15.08 CARTER (OS)-The energy signature looks like some kind of gas plasma laser. Wow. I'd love to get this into the spectrometer...

20.20.22 CARTER (CONT)-at Stanford.

20.23.01 TEAL'C-What is a Stanford?

20.26.00 DANIEL (OS)-Hey, did you see this thing inside of it?

20.27.26 DANIEL (CONT)-I don't think that was there before.

20.32.10 DANIEL-Whoa! God! Captain/Doctor! Teal'c!

20.34.28 CARTER-Yeah?

20.36.23 DANIEL-Uh... uh....

20.39.00 DANIEL (OS CONT)-That was... me...

20.43.14 DANIEL (CONT)-It was me.

20.45.09 CARTER-Are you okay?

20.48.00 DANIEL-Look.

20.53.14 CARTER-My reflection. So?

20.55.08 DANIEL-Closer.

21.00.00 CARTER-Holy Hannah!

21.06.19 CRYSTAL CARTER (distorted)-Help... us...

21.10.09 CARTER-Oh my God...

21.19.05 TECHNICIAN-Why's it spinning up? No one's due back...

21.22.23 DANIEL-It was trying to communicate with us.

21.26.04 CARTER-I don't know the magic password. Do you? That's  
the gate. Incoming.

21.31.19           TECHNICIAN (VO FILTERED)-Off world activation! This is  
                  not a drill!

21.34.13           DANIEL-I didn't think anyone was...

21.35.05           DANIEL (OS CONT)-due back.

21.35.28           TEAL'C-No one is.

21.37.11           TECHNICIAN (VO FILTERED)-Off world activation! This is  
                  not a drill! All units report to stations. This is  
                  not a drill.

21.56.13           CARTER-Where's the iris?

21.57.14           GENERAL HAMMOND-Someone used the remote.

21.58.20           DANIEL-Who? We're all here.

21.59.15           GENERAL HAMMOND-Well, whoever it is has our codes. (INTO  
                  MIC) Heads up, people!

22.11.23           O'NEILL-Hey, what're you guys doin' leavin' without me?  
                  (beat) What's with all the ordinance?

22.25.17           GENERAL HAMMOND (ON MIC FILTERED)-Who are you?

22.28.15 O'NEILL-What do you mean, who am I? What the heck's goin' on here?

22.34.28 GENERAL HAMMOND (ON MIC FILTERED)-Good question. Take him into custody.

22.45.19 O'NEILL (ON MONITOR FILTERED)-C'mon, get me outta here!  
(beat) Tell you what; Let me put it nicely. GET ME THE HELL OUTTA HERE!!

22.56.23 GENERAL HAMMOND-If that isn't O'Neill, I wanna know who the hell we're looking at.

23.00.21 GUARD NCO-We're searching the facility now, sir.

23.18.24 SARA-I'm waiting for you to say "I'm sorry" or "I wanna get back together" or just... whatever's on your mind. Anything. Just talk to me.

23.35.07 "O'NEILL"-That first time we were together... Is this where we came? (beat) You're angry.

23.42.27 SARA-Angry? At you? No. I'm not angry.

23.46.15 "O'NEILL"-Good. You were.

23.51.01 SARA-When?

23.52.04 "O'NEILL"-When Charlie died. (beat) It's why I left.

24.00.16 SARA-You son-of-a-bitch.

24.03.04 SARA (OS CONT)-You walked out on me then because...

24.04.13 SARA (CONT)-you thought I was mad at you? You tryin' to  
tell me it's my fault?

24.09.22 "O'NEILL"-No.

24.11.00 SARA-Why didn't you talk to me? Why didn't you ask?

24.14.02 "O'NEILL"-I should have.

24.16.04 "O'NEILL" (OS CONT)-But I didn't.

24.18.21 "O'NEILL" (CONT)-So you were angry.

24.19.26 SARA-No. (beat) Yes. What did you expect? It happened  
in our house...

24.31.22 SARA (OS CONT)-It was your gun...

24.37.24 SARA (CONT)-I know you blamed yourself, but if you just  
opened up for once,...

24.44.07 SARA (OS CONT)-and let me through that armor of yours, we  
coulda helped each other.

24.51.21 SARA (CONT)-I needed you.

24.54.18 "O'NEILL"-I know.

24.56.27 SARA-You know? A-and you can say it, just like that?  
After all this time?

25.04.25 "O'NEILL"-I'm sorry it took so long. It should have been  
said sooner.

25.09.04 SARA-Is that what you came to tell me?

25.11.22 "O'NEILL"-There's no way to make you understand what I  
came here to do.

25.15.27 "O'NEILL" (OS CONT)-You couldn't understand.

25.17.20 SARA-Try me.

25.22.09 "O'NEILL"-I thought if I could bring Charlie back through  
the Stargate --

25.25.21 SARA (overlapping)-Just shut up about that, would you?!  
Charlie is gone, Jack.

25.32.17 SARA (OS CONT)-And we should be talking about...

25.33.18 SARA (CONT)-us, and what happened, and not...

25.38.15 SARA (OS CONT)-Jack?

25.40.05 SARA (CONT)-My God! (beat) Jack? Jack? What is that?  
What's happened to you? We gotta get you to the  
hospital.

26.05.06 DOCTOR FRAISER (OS)-The MRI was negative.

26.07.14 DOCTOR FRAISER (CONT)-The DNA screen matches what we have  
on file. Uh, physical examination of the body shows  
some trauma. Otherwise, he seems perfectly healthy.

26.16.00 GENERAL HAMMOND-Healthy doesn't cut it.

26.17.25 DOCTOR FRAISER-Well, the evidence says he's Colonel Jack  
O'Neill.

26.20.14 O'NEILL-Thank you, doctor.

26.22.08 GENERAL HAMMOND-Then how do you explain the other one?

26.24.00 O'NEILL-What other one? What?

26.35.06 O'NEILL-Okay, so that's not possible. I didn't come back  
with you guys.

26.44.02 O'NEILL (OS CONT)-What the hell is that thing?

26.45.16 CARTER-The EM energy in the one intact crystal we brought  
back from P3X562 may hold the key to this.

- 26.50.21 GENERAL HAMMOND-Explain.
- 26.52.05 CARTER-The electro-magnetic energy in the crystal has the ability to mimic things. It re-created...
- 26.56.28 CARTER (OS CONT)-Daniel and I, cloned us electronically -- a-at least part of us.
- 27.00.18 CARTER (CONT)-I-it seemed to read our thoughts and speech, and mimicked them, too. Now, what if the other O'Neill is energy, just like the thing Daniel and I found in the crystal, only...
- 27.09.09 CARTER (OS CONT)-a more powerful, more evolved form of it?
- 27.12.08 CARTER (CONT)-One powerful enough to copy a whole person, not just faces.
- 27.15.24 GENERAL HAMMOND-Is that what we're looking at?
- 27.17.08 CARTER-Could be.
- 27.19.08 GENERAL HAMMOND-And it tried to communicate with you?
- 27.21.12 DANIEL-It asked for our help.
- 27.25.07 CARTER-This may not work. (To crystal) Hello?
- 27.37.04 CRYSTAL CARTER-(distorted) Hello.

- 27.43.17 CARTER-W-what are you?
- 27.45.02 CRYSTAL CARTER-(distorted) Energy. Unity. You would describe me thus.
- 27.49.17 CARTER-You asked for help...
- 27.51.08 CRYSTAL CARTER (OS)-(distorted) If I remain here,...
- 27.52.16 CRYSTAL CARTER (CONT)-(distorted) my energy will disintegrate. I must return.
- 27.56.01 DANIEL-Why did you not speak before?
- 27.58.11 CRYSTAL CARTER (OS)-(distorted) Fear.
- 27.59.15 O'NEILL-Fear of what?
- 28.00.26 CRYSTAL CARTER-(distorted) The Goa'Uld came to our planet long ago. We were not afraid then, and we tried to greet them. One of them touched us as you did, and was destroyed by our energy.
- 28.11.26 O'NEILL-Well, that's some kinda welcome wagon you got there. (beat) Well, it almost killed me.

- 28.21.06 DANIEL-The Goa'Ulds must have come through the gate exploring.
- 28.23.13 CARTER-That's why it was afraid. We look just like them.
- 28.26.00 DANIEL-One of the Goa'Ulds was killed...?
- 28.27.19 CRYSTAL CARTER-(distorted) They gathered all the unity in one place and ended it.
- 28.31.20 CARTER (OS)-We confirmed...
- 28.32.12 CARTER (CONT)-Goa'Uld energy weapons did it.
- 28.33.27 DANIEL (OS)-Then that pit...
- 28.34.14 DANIEL (CONT)-wasn't a ceremonial place at all. It was some kind of... mass grave...
- 28.41.16 CRYSTAL CARTER-(distorted) I can no longer sustain this form.
- 28.54.24 O'NEILL-What was that? (beat) Any ideas? Any theories... explanations... uh, anything?

- 29.07.02 DANIEL-If you thought that your entire race was destroyed by the Goa'Ulds as punishment for harming one of them, what would you do if you thought it was going to happen again?
- 29.20.20 GUARD ONE-Base secured?
- 29.21.15 GUARD TWO-Yes, sir!
- 29.25.21 GUARD NCO-Sir... O'Neill -- the other guy -- is nowhere in the mountain.
- 29.34.07 CARTER-Okay, we got a problem.
- 29.35.23 CARTER (OS CONT)-I ran some tests on the crystals in the lab.
- 29.38.13 CARTER (CONT)-Whatever the energy inside the crystal is, it's starting to decay.
- 29.41.26 CARTER (OS CONT)-It's ionizing particle radiation.
- 29.43.21 DANIEL-Nuclear radiation?
- 29.45.00 CARTER-It's not constant, and the amounts are not dangerous, but if "O'Neill" -- it -- starts breaking down like the energy...
- 29.50.21 CARTER (OS CONT)-in the crystals, and it's more powerful than what we have here,...

- 29.54.09 CARTER (CONT)-then anyone nearby could get a lethal dose of radiation.
- 29.57.09 GENERAL HAMMOND-Well, if that's true, then we have a very serious problem on our hands. Let's hope it's not.
- 30.01.05 CARTER-Uh, something else... I've been thinking about...
- 30.03.02 CARTER (OS CONT)-where it went. Sir, it was in your locker looking through your personal stuff -- pictures of your family...
- 30.18.03 O'NEILL (OS)-C'mon, Sara... c'mon...
- 30.21.02 SARA'S VOICE (VO FILTERED)-Hi. Can't take your call right now, so please leave a message --
- 30.24.17 O'NEILL-I gotta get there.
- 30.30.22 CARTER (OS)-The lab's running tests, but I'm pretty sure...
- 30.32.04 CARTER (CONT)-it's breaking down because earth's electromagnetic field is stronger than the one on P3X562. The difference is tearing it apart.
- 30.39.10 DANIEL-Can we stop it?

30.40.08 CARTER-I don't know.

30.41.05 GENERAL HAMMOND (OS)-We checked with the local...

30.41.16 GENERAL HAMMOND (CONT)-police. No one's at your wife's house. One of the local hospitals admitted a J. O'Neill less than an hour ago. Teal'c, you'll have to leave that here.

30.48.01 TEAL'C-I have seen your world. I will need it.

30.50.03 GENERAL HAMMOND-Can't let you take your weapon, Teal'c. You -- all of you will be operating in public, so you can't do or say anything that reveals the existence of the SGC or the stargate.

31.03.20 TEAL'C-Chicago... the Windy City. Home of the Black Hawks, the Bulls, and the White Sox.

31.09.02 O'NEILL (OS)-Don't forget the Cubs...

31.10.06 GENERAL HAMMOND (OS)-Heads up, Colonel.

31.13.16 GENERAL HAMMOND (CONT)-Good luck.

31.39.09 "O'NEILL"-Charlie... This is the place we brought him.

31.49.06 SARA-Yes, it is...

31.58.03 "O'NEILL"-He died here.

32.00.15 SARA-Yes, he did. Jack, what's happening to you?

32.06.21 "O'NEILL"-I have to get to the Stargate. Can we do that?

32.11.08 SARA-Jack, I know you want to get to this Stargate, but--

32.44.10 COP (INTO PHONE)-All right, people, I need buses up here!  
Shut this (unintelligible)... (To crowd) I want  
these people out of here now! Come on! Move!  
Move! (To Technician) As soon as Colonel O'Neill's  
team gives the signal, I want you to start shutting  
the power down inside. All right?

33.01.08 TECHNICIAN-All right.

33.09.22 SARA-Thanks. Go. I'm all right. Go.

33.12.07 NURSE-I'm almost finished.

33.13.07 O'NEILL (OS) (overlapping)-Keep movin', folks! Everybody  
out!

33.15.27 O'NEILL (CONT)-I need everybody out of here now! Let's  
go!

33.22.16 SARA-Jack...?

33.23.19 O'NEILL-Sara. Are you all right? No... this... this is  
me, baby... (beat) Are you all right?

33.36.28 SARA-Yeah.

33.37.25 O'NEILL-Okay. I wanna hear all about it, but not now.  
Are you okay?

33.41.08 SARA-Yeah.

33.42.19 O'NEILL-What room?

33.43.19 NURSE-Room three.

33.44.06 O'NEILL-All right.

33.45.11 DANIEL-Colonel!

33.52.03 CARTER-It's okay.

34.37.17 CARTER (OS) (filtered)-Listen, Colonel... it's buried in  
the red. How we doin' with the power?

- 34.42.18 VOICE (OS ON RADIO FILTERED)-I turned off as much of the grid as possible.
- 34.44.16 CARTER (OS) (filtered)-They've shut down all they can.
- 35.01.23 O'NEILL (OS) (filtered)-It's all right. I'm not gonna hurt you.
- 35.09.19 "O'NEILL"-Please... stay back... I do not want to harm you... (beat) ...again. My energy is about to --
- 35.48.23 CARTER (OS) (filtered)-The radiation's dropped off...
- 35.50.06 TEAL'C (OS)-O'Neill... Are you all right?
- 35.55.05 CARTER (OS) (filtered)-What's happening?
- 35.56.20 VOICE (OS ON RADIO FILTERED)-Emergency power just kicked in.
- 36.13.17 "O'NEILL"-You have come to destroy me...
- 36.17.14 O'NEILL-No. That's not true. I know you weren't trying to kill me back on the planet. (beat) The Goa'Ulds, the people who destroyed your race, they're our enemies too.

36.53.02 "O'NEILL"-I understand. Thank you.

36.59.07 O'NEILL-Why did you come here.

37.05.00 "O'NEILL" (VO)-When my energy hurt you, I tried to heal you. But I did not understand your injury. So I looked into your mind.

37.23.10 "O'NEILL" (CONT)-I saw the mind of a warrior.

37.29.20 "O'NEILL" (OS CONT)-I feared it, as I feared those who destroyed my race.

37.37.14 "O'NEILL" (VO CONT)-I tried to make you well before my mistake was discovered, before the others returned...

37.46.07 "O'NEILL" (CONT)-to destroy me.

37.50.10 "O'NEILL" (OS CONT)-I understand now.

37.54.03 "O'NEILL" (CONT)-Your deepest pain was not the physical injury I had caused. Your pain...

38.03.27 "O'NEILL" (VO CONT)-was from an empty place in your heart where Charlie once was.

38.14.07 "O'NEILL" (CONT)-I thought if I could bring Charlie to you,...

38.17.11 "O'NEILL" (VO CONT)-it would make you well. I did not understand his death meant he would no longer exist as flesh and blood.

38.27.15 "O'NEILL" (CONT)-Physical death does not have the same meaning to us.

38.36.10 O'NEILL-Are you dying now?

38.40.17 "O'NEILL"-Yes. (beat) I could not bring Charlie to  
you...

38.50.11 O'NEILL-Charlie's gone.

38.52.19 "O'NEILL"-No. He's in here...

39.07.16 O'NEILL-Charlie...?

39.17.20 CHARLIE-You cannot change what happened that day, just as  
I cannot change the day the Goa'Ulds destroyed my  
world. (beat) I am showing you what of Charlie is  
still there... inside you.

39.40.11 DANIEL (OS)-Jack?

39.46.04 DANIEL (CONT)-Jack?

39.50.03 CARTER-Radiation's still low, but I don't know for how  
long.

39.54.19 O'NEILL-We have to go.

39.59.10 CHARLIE-Is Sara O'Neill still here?

40.03.17 O'NEILL-Yes.

40.21.17 CHOPPER PILOT (VO ON RADIO FILTERED)-Delta five-point-  
bravo... our ETA is five minutes...

40.24.18 CARTER-Chopper's inbound.

40.26.03 O'NEILL-You guys go ahead.

40.32.09 O'NEILL (OS CONT)-Sara...

40.36.20 SARA-Oh my God...!

40.40.00 O'NEILL-It's not Charlie.

40.44.09 O'NEILL (OS CONT)-Sara...

40.45.04 SARA-Shhh...

41.13.09 O'NEILL-Sara... I have to get him back.

41.20.04 SARA-To the Stargate?

41.23.00 O'NEILL-Yeah.

41.30.25 SARA (OS)-Whatever that is...

41.35.06 SARA (CONT)-The other guy... You know what he said?

41.43.18 O'NEILL-I have a pretty fair idea.

41.48.04 SARA-We were pretty great together, weren't we?

41.52.23 O'NEILL-We were the greatest.

42.20.12 SARA-Take care of yourself, Jack.

42.39.22 O'NEILL-Keep the lights on. I'll be back.

43.01.27 FADE TO END CREDITS.
